

KINGSTHORPE COLLEGE

Specialist Sports College

Do you enjoy helping to make things happen? Does change excite you? Do you see every problem as simply another challenge?

If you can answer “Yes!” to even one of these questions then Kingsthorpe College is the place for you. Particularly now.

In September 2007 we moved into our beautiful new school on the Boughton Green Road site. As you will see, our new premises have enabled us to offer facilities and opportunities to our students and our community of which we can be proud.

A considerable amount of progress has been made in a relatively short period of time. We are a Specialist Sports College with History as a second specialism. We have been re-designated an Investor in People organisation, strong testimony to our ability to handle change, to make things happen and to raise our standards. Our GCSE results last year were the best in the history of the College.

Make no mistake about it. Our students are at the centre of our College. Everything we do focuses on helping them to become caring, concerned and compassionate young people who will eventually enjoy fulfilling and successful lives. We are a listening school. We have established a Student Council and conduct regular surveys among all seven year groups to hear students’ views and ideas. Our Citizenship programme is outstandingly good. And we have set up a Well-being Programme for all members of the College staff.

So why not come and join us in this exciting and challenging experience? If it all sounds too good to be true, do come and see for yourself. You will be most welcome.

Judith Long
Principal
