Principal
Judith Long BA (Hons)

Dear Parent

I am writing to inform you of parent governor vacancies at Kingsthorpe College and to enquire as to whether you may be interested in volunteering for this rewarding but challenging role.

School governors make a huge difference to the success of local schools by giving just a few hours of their time each month. Our parent governors are valuable members of the governing body. We rely on them to help us to keep in touch with what parents are thinking.

You may be surprised to know that school governors do not need to have any special qualifications or a high-powered job. In fact, the most important qualities are enthusiasm, common sense and a desire to make a difference in your community.

If you are interested in pursuing this exciting opportunity or would simply like to find out more, please contact Michelle Palmer, Clerk to the Governors, on:

Tel: 01604 716106 ext 1207
Email: michelle.palmer@kingsthorpecollege.org.uk
More information: www.becomeagovernor.com

Thank you very much for your time.

Yours faithfully

Andrew Savage
Chair of Governors
