1. Aims

- The purpose of this policy is to identify roles and responsibilities within the special consideration process and confirms the centre will submit an application for special consideration where a candidate meets the published criteria. (JCQ GR 5.9)

2. Legislation and Guidance

- Special consideration can only be awarded where a candidate has been fully prepared for assessments and covered the entire course but their ability to demonstrate their subject knowledge and understanding is materially affected by adverse circumstances beyond their control at the time of the assessment(s).
- Centres must not submit applications for special consideration for trivial cases.
- Special consideration can only go some way to assist a candidate affected by a potentially wide range of difficulties, emotional or physical, which may influence performance in their assessments.
- Special consideration cannot remove the difficulty faced by the candidate. This means that there will be some situations where candidates should not be entered for a qualification or a unitised examination. This is because only minor adjustments can be made to the mark awarded. To make larger adjustments would jeopardize the standard of the qualification. (JCQ SC 1)

3. Eligibility for special consideration

- Candidates will be eligible for special consideration if they have been fully prepared and have covered the whole course but performance in the examination, or in the production of coursework or non-examination assessment, is materially affected by adverse circumstances beyond their control (JCQ SC 2.1)

- b. Special consideration must be applied for at the time of the assessment (JCQ SC 2)
- c. Candidates will not be eligible for special consideration if preparation for, or performance in the exam is affected by the reasons detailed in the JCQ document A guide to the special consideration process (JCQ SC 2.3)

4. Roles and responsibilities

- a. The role of the head of centre
 - 1) Be familiar with, refers to and directs relevant centre staff to the annually updated JCQ publication A guide to the special consideration process
 - 2) Ensure where a candidate meets the published criteria, an application for special consideration will be submitted to the relevant awarding body by the exams office/officer
- b. The role of the exams office/officer
 - 1) Refer to the criteria detailed in the JCQ document A guide to the special consideration process to determine where a candidate is/is not eligible for special consideration
 - 2) Where a candidate meets the published criteria, submit an application for special consideration to the relevant awarding body
- c. The role of the senior leader is to sign appropriate evidence to support all eligible applications (JCQ SC 6)
- d. The role of other staff is to provide any appropriate evidence or information that may be required to determine candidate eligibility
- e. The role of an affected candidate (or parent/carer) is to provide any medical or other evidence that may be required to confirm eligibility for special consideration

5. Applying for special consideration

- a. At the centre, where a candidate is eligible, special consideration will be applied for at the time of assessment in accordance with regulations as detailed in the JCQ document A guide to the special consideration process.
- b. For candidates who are present for the assessment but disadvantaged the centre must be satisfied that there has been a material detrimental effect on candidate examination performance or in the production of coursework or non-examination assessment.
- c. Examples where a candidate/candidates may be eligible for special consideration include:
 - 1) Application for an allowance on the last paper taken in a day when a candidate has been entered for three or more examinations timetabled for the same day and the total duration of those papers is more than 6 hours (GCE and Level 3 exams) or more than 5 hours 30 minutes (GCSE, Level 1 and Level 2 exams) including any approved extra time but not any time taken for supervised rest breaks, special consideration for an allowance on the last paper taken will be applied for (JCQ SC 3.3)

- 2) A candidate arrives for the examination and is clearly unwell, extremely distressed and/or may have sustained an injury that requires emergency access arrangements to be put in place:
 - the candidate is kept under centre supervision (from 30 minutes after the published starting time for that examination until they begin it) while appropriate arrangements are put in place for the candidate to take the examination (ICE 6.9)
 - special consideration is applied if this indisposition has had, or is reasonably likely to have had, a material effect on the candidate's ability to demonstrate his or her normal level of attainment in the examination (JCQ SC 1)
 - 3) Serious disturbance during the examination (JCQ SC 2.1)
- d. If a candidate is absent for acceptable reasons, and the centre is prepared to support an application for special consideration, special consideration will be applied for if the examination missed is in the terminal series and the minimum requirements for enhanced grading in cases of acceptable absence can be met. (JCQ SC 4)
 - e. If a candidate is absent for unitised examinations taken in an examination series prior to certification, candidates must be re-entered for any missed units at the next assessment opportunity. Unless there are difficulties arising, e.g. group performances which cannot be repeated, special consideration will not be awarded. (JCQ SC 4) Other issues
 - f. Where a candidate may be eligible for special consideration (a post-assessment adjustment) in a vocational qualification, the centre will follow A guide to special consideration (7) and awarding body guidance to determine if, when and how an adjustment can be applied for.
 - g. Where other issues or problems affect a candidate or a group of candidates, special consideration will be explored in the document A guide to the special consideration process and applied for where eligible. This may include, for example:
 - 1) Other certification (JCQ SC 5)
 - 2) Coursework/non-examination assessment extensions (JCQ SC 5)
 - 3) Shortfall in work (coursework/non-examination assessment) (JCQ SC 5)

 - 6) Candidates undertaking the wrong controlled assessment or non-examination assessment assignment (JCQ SC 5)
 - h. Candidates will not be eligible for special consideration if preparation for, or performance in the examination is affected by a minor disturbance in the examination room caused by another candidate, such as momentary bad behaviour, a mobile phone ringing, or a momentary fire alarm (JCQ SC 2.3)
 - i. (In accordance with SC 1: A centre must not submit applications for special consideration for trivial cases. Examples of trivial cases which would not warrant special consideration include, but are not limited to: a bird tweeting outside the examination room; a lorry reversing; a toilet being flushed; doors in a corridor adjacent to the examination room opening and closing; very short, momentary noise from, for example, aeroplanes, helicopters, lawn mowers)

6. Processing applications for special consideration

- a. The role of the head of centre is to ensure all eligible applications are supported by appropriate evidence signed by a member of the senior leadership team (JCQ SC 6)
- b. The role of the exams office/officer

 - 2) Ensure a candidate/candidates (or a parent/carers) understands that all cases must be dealt with by the centre (JCQ SC 6)
 - 3) Ensure that special consideration is applied for at the time of the assessment
 - 4) Ensure special consideration is not applied for in a cumulative fashion and where a candidate may be affected by different indispositions, ensure special consideration is only applied for the most serious indisposition
